KENDALL (CBS4) — A big change is coming next month for drivers in Kendall who use the Don Shula or Snapper Creek expressways. Beginning July 17th, overhead gantries will replace toll plazas on SR-878/ Snapper Creek Expressway and SR-874/ Don Shula Expressway.

The change, called Open Road Tolling, means that drivers will be charged automatically via their SunPass without having to stop or slow down.

Another big change - drivers will be charged for segments of the expressways that they travel instead of a one time blanket toll. Currently, on SR 874 there is a toll booth south of Killian Parkway which charges SunPass users a dollar. When the new system goes into effect there will be two tolls on State Road 874 costing 25 cents each and one toll north of the interchange costing 50 cents, according to CBS4 news partner The Miami Herald. There will also be two tolls on State Road 878 costing 25 cents each.

Drivers who don't have a SunPass will receive a bill in the mail for the amount of tolls plus an additional processing fee.
